HOW THE CTY IS DONE

We get to the venue on time

Executive and Evangelism members that are still around

With our apron, we reach out to freshers, relate with them as friendly as possible. Ask them if they need any assistance, directing them on what to do for the exam (i.e, you'll need 2 copies of your printout. Do you have or can I print for you). Introducing CU fellowship on campus to them. Getting their contact details (registration form & pen)
